Also that the assessment of Georgina Abreau on page 1 Volume D, Yolo County Assessment Rolls for the year 1932 is erroneous in that a clerical error was made in copying the said assessment from the List Book in the Assessor's office to the said Assessment Roll; that the assessment as shown on said Assessment Roll is value of real estate, $1000 Value of improvements, $1100; that the proper assessment as shown on the List Book is value of real estate $100, value of improvements $1000,

Resolution, Consolidation of all branches
of College of Agriculture at Davis.

Supervisor Huff moved the adoption of the following Resolution.

RESOLVED that we the Board of Supervisors of Yolo County do hereby endorse a measure which will tend to rectify the present unsatisfactory setup of the College of Agriculture for the best interests of economy and efficiency. We feel that Agriculture can best be served by the consolidation of all branches of the College under one head at Davis.

We strongly favor an investigation by a Committee to be composed of one member of the Senate, one member of the Assembly, one member appointed by the Governor, one Degree graduate actively farming, one Non-Degree graduate actively farming.

No member of said Committee to be in the employ of the University of California, and the Committee to have full power to subpoena witnesses and ascertain how the money alloted for Agriculture is spent.

With the present faculty and facilities the College at Davis could adequately accomodate twice its present enrollment.

A copy of this resolution to be forwarded to Senator Gordon and Assemblyman O'Donnell.

Reasons why the present arangement is not satisfactory:

1. The lack of enrollment the past ten years.
2. The ever increasing number of students going from California to Oregon to study agriculture.
3. The necessity of a student to attend College both in Davis and Berkeley in order to secure the best courses in Agriculture.

Beginning at a concrete monument marking the quarter section corner common to sections 29 and 30, in Township 10 North, Range 2 East, M.D.B.& M., and extending thence westerly along the quarter section line, said line being also parallel with the south line of above mentioned section 30, a distance of 2641.40 feet to the center of said section 30, which said point is marked by a one inch iron pipe.
This said strip of land includes 1.819 acres of land.

That said highway forms a connecting link between what is commonly known as "hospital road", in the County of Yolo and West Street or Cemetary Avenue, in the City of Woodland; that in order to open, lay out and acquire said road it is necessary to secure and acquire certain lands belonging to John Keehn, Jr., Alfred Keehn and Bertha Abele Keehn, and also certain lands belonging to Frederick B.Abele and Elizabeth M.Abele, minors; that John Keehn, Jr. and Alfred Keehn and Bertha Abele Keehn have agreed to convey to the County of Yolo a right of way for general road purposes over the lands necessary to be acquired by the County of Yolo to open up and lay out said public highway but that the said Frederick B.Abele and Elizabeth M.Abele are minors and cannot consent to convey the right of way necessary to construct, lay out and open up said highway, and that the said Board of Supervisors hereby find that public convenience and necessity require the acquisition of the following described tract of land, the property of Frederick B.Abele and Elizabeth M.Abele, which said strip of land is described as follows:

A strip of land thirty feet wide, the south line of which is more particularly described as follows:
Beginning at a concrete monument marking the quarter section corner common to sections 29 and 30 in Township 10 north, Range two east, M.D.B.&M., and extending thence westerly along the quarter section line, said line being also parallel with the south line of said section 30, a distance of 2641.40 feet to the center of said section 30, which said point is marked by a one-inch iron pipe. This said strip of land includes 1.819 acres of land.

That said strip of land above described is a part of the following described tract of land, the property of said Abele minors:

The south one-half of the northeast one-quarter of Section 30, Township 10 North, Range 2 East, M.D.B. & M.

BE IT FURTHER RESOLVED that the District Attorney of the County of Yolo be and he is hereby authorized and instructed to bring an action in Eminent Domain in the proper Court in the State of California, to condemn and acquire for public use, as a road and highway, the said strip of land hereinbefore described and property of the said Frederick B. RESOLUTION.

WHEREAS, Yolo County is to be congratulated upon its effortduring the past year to alleviate the suffering that followed depression and unemployment, emerging as it did with the knowledge that its people had rallied to the support of every charitable cause, and,

WHEREAS, Outstanding in this effort put forth is the work of the Woodland Woodyard, operating under the auspices of the American Legion Post No. 77, in charge of George Hazeman. Perhaps no other factor contributed as much in a practical way. It served those who were willing to give their effort to sustain themselves. Mr. Hazeman was tireless in his efforts, practical in his operations and eminently fair to those in need. The work of the American Legion in this has represented a generous saving to taxpayers of the County. The work of the Red Cross and the Mayor and Trustees of the City of Woodland, has also proved commendable and helpful to the public and the taxpayers,

ORDER TO CONSTRUCT BRIDGE FROM RECLAMATION DISTRICT NO. 999 TO SUTTER ISLAND ACROSS SUTTER SLOUGH AT A LOCATION ABOUT DUE WEST FROM PAINTERSVILLE BRIDGE.

RESOLVED by the Board of Supervisors of the County of Yolo that,

WHEREAS, there has been an insistent demand from the property owners of the vicinity, for the construction of a bridge across Sutter Slough at or near a location due west of the Paintersville Bridge, because the available ferry service is grossly inadequate, as well as precarious as to the safety of life of the users due to the insufficiency of design and uncertainty of stability of the component materials in the boat and slips; And

WHEREAS, a bridge constructed at this said location would connect Yolo and Sacramento Counties at the line common to said countiesthereby creating a joint responsibility; And

WHEREAS, there is now existent, bridges across the Sacramento River at Freeport and Paintersville and with the construction of this bridge there would be afforded adequate inter-communication facilities between Yolo and Sacramento counties for this particular area by means of bridges alone, thereby eliminating the necessity for a continuance of the ferry service across Elk Slough; And

WHEREAS, the average annual cost for construction, maintenance, repair and replacement of this said ferry amounts to an average annual sum of three thousand dollars ($3,000.00); And

WHEREAS, Asa G.Proctor and Charles Deterding, two competent Civil Engineers have determined that this bridge can be constructed at a total cost of Twenty-eight Thousand Dollars($28,000.00) or in other words for a total cost of Fourteen Thousand Dollars to Yolo County; And

WHEREAS, THIS STRUCTURE IS ELIGIBLE for financing, and the thirty per centum (30%) grant, under the provisions of Sections 202 and/or 203, 206, 207, and 208 of the National Industrial Recovery Act, approved June 16, 1933; And

WHEREAS, this said bridge is situated in Road District No. 1, and that the said Road District would be unreasonably burdened by the expense of providing the funds for the construction of said bridge,

IT IS THEREFORE ORDERED AND RESOLVED, that the construction of this bridge be undertaken just as soon as the Chief of Engineers and the Secretary of War, War Department, Washington, D.C. approve the plans of a bridge to be constructed across Sutter Slough along the line between Yolo and Sacramento Counties, and further, that the Federal Emergency Administration of Public Works, Washington, D.C. approves the project herein described, and for the thirty-per centum (30%) grant and allocation by the United States of the sum of Fourteen Thousand Dollars,

($14,000.00) to provide for Yolo County's share for its construction, under the provisions of Sections 202 and/or 203, 206, 207, and 208; National Industrial Recovery Act, approved June 16, 1933.

IT IS FURTHER RESOLVED AND ORDERED, that said Asa G. Proctor, a registered Civil Engineer, proceed to prepare all necessary plans, profiles, estimates and to acquire all of the necessary permits and agreements for the doing of this said work in compliance with the provisions of this order.

IT IS FURTHER RESOLVED AND ORDERED, that Asa G. Proctor be furnished by Yolo County with the necessary drafting papers and linen for the preparation of these aforesaid plans, and also that Asa G. Proctor be authorized and empowered to serve as Engineer of Design and Construction for Yolo County for the complete accomplishment of this order, and it is herewith stipulated that all engineering cost to Yolo County including materials for plans and transportation shall not exceed four per centum (4%) of Yolo County's share of the actual cost.

RESOLUTION:

WHEREAS, the sudden and untimely death of Superior Judge Forrest A, Plant has deprived Yolo County of one of its most beloved officials. The loss is keenly felt, not alone by members of this Board and County but by the State as well. A young man, he proved himself to be eminently fair and understanding in his conduct as Superior Judge, and won for himself the wholehearted respect and admiration of those with whom he came in contact, both officially and in private life. A native of Yolo County, Judge Plant established a place for himself in the business and civic life of the County, rising to a position of respect by the prople among whom he lived. As a result of this county-wide admiration, he was elevated to a position of solemn trust and great responsibility by the voters of the County. Sincerely, courageously and without favor, Judge Plant accepted those responsibilities with a dignity and compassion that endeared him to all. Among his associate members of the Bar, both in Yolo County and the State, he was held in the highest esteem and confident predictions of a glorious career for him as a jurist were heard on every hand. His devotion to the welfare of others had an opportunity for its fullest expression in his work as Superior Judge, a task that he loved. The efficient handling of the work of that office speaks for itself as to his qualifications from a legal and personal standpoint. We all will miss him, feeling that we have been deprived of the presence of a very real and close friend.

THEREFORE, BE IT RESOLVED that the Board of Supervisors in meeting assembled on this day hereby extends its sincere condolences to the bereaved and stricken family and to the people of Yolo County who knew him as a friend and sincere public official. That when this Board adjourns, it does so in honor of his memory and that copies of this resolution be furnished to the family of Judge Plant and copies be furnished to the press.

Recitals

Ordinance No. 113, adopted by the Board of Supervisors of the County of Sacramento, State of California, on the 22nd day of March, 1910, entered in Minute Book X, at page 323, of the records of said Board, granted to Northern Electric Railway Company, a corporation, its successors and assigns, the right, privilege, permission, and franchise to construct, maintain, and operate, for a period of fifty (50) years from and after the passage of the ordinance, a a combination railroad, wagon way, and foot passenger bridge over and across the Sacramento River, a navigable stream, between the Counties of Sacramento and Yolo, State of California, from a point on the left bank of the River at the foot of M Street, in the City of Sacramento, to a point on the right bank of the river within the County of Yolo, and within M Street produced westerly across the river.

Ordinance No. 119, adopted by said Board of Supervisors on the 30th day of December, 1910, entered in Minute Book X, at page 573, of the records of said Board, granted to Vallejo and Northern Railroad Company, a corporation, its successors and assigns, the right, privilege, permission, and franchise to join in the construction, maintenance, use, and operation of said bridge, which said franchise is coexistent with and terminates at the same time and date as the franchise granted to Northern Electric Railway Company.

Ordinance No. 130, adopted by said Board of Supervisors on the 29th day of June, 1912, entered in Minute Book Y, at page 351, records of said Board, likewise granted to Oakland, Antioch and Eastern Railway, a corporation, its successors and assigns, the right privilege, permission, and franchise, to join in the construction, maintenance, use, and operation of said bridge, which said franchise is coexistent with and terminates at the same time and date as the franchise granted to Northern Electric Railway Company.

An agreement for the construction, maintenance, use, operation of said combination bridge was entered into between Northern Electric Railway Company and Vallejo and Northern Railway Company, and the Counties of Yolo and Sacramento, on the 2d day of August, 1910.

A supplement agreement providing for the conditions upon which the Oakland, Antioch and Eastern Railway was to use said bridge, jointly with other users thereof, was entered into between Northern Electric Railway Company, Vallejo and Northern Railway Company, and Oakland, Antioch and Eastern Railway and the Counties of Yolo and Sacramento, on the 29th day of June, 1912.

A combination railroad, wagon way, and foot passenger bridge was built over the Sacramento River at said M Street, in accordance with the right, privilege, and permission granted to the predecessors of Railway by said Franchise, or franchises, and such bridge is now in use by Railway and the public.

Railway is the successor in interest of said Northern Electric Railway Company, and Oakland, Antioch and Eastern Railway, the railroad corporations hereinbefore referred to.

The California Highway Commission has laid out and established, or proposes to lay out and establish, a State Highway over and across the Sacramento River, and within the boundaries of said M Street produced westerly across said river, to provide a State Highway entrance and crossing to and into the City of Sacramento from the County of Yolo.

The Director of Public Works of the State of California, pursuant to Section 363dd of the Political Code of the State of California, enacted by Chapter 262 of the Statutes of 1933, and other laws of the State of California applicable thereto, has found and determined, and does hereby find and determine:

(a) That the facilities for public highway purposes provided by the existing combination railroad, wagon way, and foot passenger bridge at said M Street are inadequate and require replacement;

(b) That the purchase or acquisition of a right of way for a State Highway over and across the Sacramento River at said location, so as to require the discontinuance by Railway of the use of a crossing of the river at said M Street, would require an excessive expenditure of State Highway funds; and

(c) That public convenience and necessity require the removal of the existing bridge and the construction and maintenance, for State highway purposes, of a new bridge at said M Street, to be used jointly by the public and said Railway.

The State of California, acting by and through its Department of Public Works, Division of Highways, has entered into an agreement with Railway, dated the 8th day of March,1934, providing for the removal of the existing bridge at said M Street and for the construction and maintenance, for State Highway purposes, of a new bridge at said location, which said agreement provides that the Counties of Sacramento and Yolo shall consent to the execution thereof by Railway, such consent to relieve Railway of any obligation to said Counties under the said agreements of August 2, 1910, and June 29, 1912, and of any obligation of Railway to the County of Sacramento under its said franchises.

Railway desires also to relieve said Counties of any obligation to Railway, particularly any obligation to contribute toward the policing, operation, and repair of the existing bridge, heretofore assumed by them under said agreements of August 2, 1910, and June 29, 1912.

AGREEMENT:

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

1. (a) The County of Sacramento does hereby consent to and approve the execution by Railway of said agreement, dated the 8th day of March, 1934, by and between the State of California, acting by and through its Department of Public Works, Division of Highways, first party, and the Sacramento Northern Railway, a corporation, second party (first party herein), a copy of which said agreement is attached hereto and made a part hereof; and does consent to and approve the change and removal of the existing bridge of Railway, as provided for in said agreement of the 8th day of March, 1934, including the highway and pedestrian portions thereof; and

(b) Said County of Sacramento does hereby agree, further, that Railway shall, from and after the date on which the use of the highway and pedestrian portions of the existing bridge at M Street is discontinued by reason of the removal thereof by the State of California, be relieved of any and all obligations to said County heretofore assumed by Railway, as successor in interest of the several railroad corporations hereinbefore referred to, under said agreements of August 2, 1910, and June 29, 1912, and of any and all obligations to said County of Sacramento under its said Ordinances Numbers 113, 119, and 130, granting franchises to the predecessors of Railway.

2. (a) The County of Yolo does hereby consent to and approve the execution by Railway of said agreement , dated the 8th day of March, 1934, by and between the State of Californnia, acting by and through its Department of Public Wroks, Division of Highways, first party, and the Sacramento Northern Railway, a corporation, second party (first party herein); and does consent and approve the change and removal of the existing bridge of Railway, as provided for in said agreement of the 8th day of March, 1934, including the highway and pedestrian portions thereof; and

(b) Said County of Yolo does hereby agree, further, that said Railway shall, from and after the date on which the use of the hoghway and pedestrian portions of the existing bridge at M Street is discontinued by reason of the removal thereof by the State of California, be relieved of any and all obligation to said County heretofore assumed by Railway, as successor in interest of the several railroad corporations hereinbefore referred to, under said agreements of August 2, 1910, and June 29, 1912.

3. Railway hereby agrees that the said Counties of Sacramento and Yolo shall, from and after the date on which the public use of the existing bridge of Railway at M Street is discontinued by reason of the removal thereof by the State of California, be relieved of any and all obligation to pay to Railway, for the policing, operation, and repair of the existing bridge of Railway, the amounts provided for in said agreements of August 2, 1910, and June 29, 1912, and of any and all other obligations of said Counties to Railway heretofore assumed under said agreements.

4. It is mutually agreed that the annual payments of the said Counties to Railway for the policing, operation, and repair of said existing bridge and any payments of Railway to said Counties under said agreements and/or franchises shall be prorated as of the date of the discontinuance of the use of said existing bridge by the public, and that any amounts then due the respective parties hereto shall be paid in the same manner and at such times as other payments have heretofore been made, as required by said agreements and/or pursuant to the provisions of said franchises.

5. The execution of this agreement on the part of the County of Sacramento is authorized by resolution of the Board of Supervisors of said County, duly passed at the regular meeting held in the County of Sacramento, State of California, on the 26th day of March, 1934, by which

IN WITNESS WHEREOF, said party of the first part has caused the above and foregoing agreement to be executed, in triplicate, by its President and Secretary thereunto duly authorized and its corporate seal to be affixed, and said party of the second part has caused the same to be executed by the Chairman of its Board of Supervisors and attested by its Clerk, and the official seal of the County of Sacramento to be affixed thereto, and said party of the third part has caused the same to be executed by the Chairman of its Board of Supervisors and attested by its Clerk, and the official seal of the County of Yolo affixed thereto, the date of the execution of each being set opposite the respective execution.

Resolution, Bridge at Sutter Slough.

Supervisor Merkley moved the adoption of the following resolution.

WHEREAS, there has been insistent demand from the property owners of the vicinity for the construction of a bridge across the mouth of the Sutter Slough at or near its juncture with the Sacramento River because the available ferry service is grossly inadequate; and

WHEREAS, a bridge constructed at this said location would connect Yolo and Sacramento Counties at the line common to said Counties thereby creating a joint responsibility; and

WHEREAS, there are now existent bridges across the Sacramento River at Freeport and Paintersville and with the construction of this bridge there would be afforded adequate intercommunication facilities between Yolo and Sacramento Counties for this particular area by means of bridges alone, thereby eliminating the necessity for the continuance of the ferry service at both Hood and Courtland; and

WHEREAS, the average annual cost for construction, maintenance, repair and replacement of the two said ferries amounts to an average annual sum of Seven Thousand ($7,000.00) Dollars; and

WHEREAS, Asa G. Proctor and Charles Deterding, two competent civil engineers have determined that this bridge can be constructed at a total cost of Thirty Thousand ($30,000.00) Dollars, or in other words for a total cost of Fifteen Thousand ($15,000.00) Dollars to Yolo County; and

WHEREAS, said bridge is situated in Road District No. 1 of Yolo County and that the said road district would be unreasonably burdened by the expense of providing the funds for the construction of said bridge;

IT IS THEREFORE RESOLVED AND ORDERED that the construction of this bridge be undertaken just as soon as the chief of engineers and the Secretary of War, War Department, Washington, D.C. approve the plans of a bridge to be constructed across the mouth of Sutter Slough along the line between Yolo and Sacramento Counties and that this Board provide in its next budget for its share of the construction of said bridge.

IT IS FURTHER RESOLVED AND ORDERED that this Board requests and it does hereby request, the County of Sacramento to join with Yolo County in the construction of said bridge.

IT IS FURTHER RESOLVED AND ORDERED that the Clerk of this Board forthwith forward to the Board of Supervisors of Sacramento County and to Charles Deterding, County Executive of Sacramento County a certified copy of this resolution and that said certified copy shall constitute an invitation to the County of Sacramento to join Yolo County in the construction of said bridge and requesting said County of Sacramento to provide for its share of such expense in its next budget.

WHEREAS, the Federal Government has made the aforesaid fill and has made an honest and diligent effort to obtain the aforesaid rights of way deed and has been unable to obtain the same due to a bond issue upon the aforesaid properties; and

WHEREAS, the Federal Government has constructed a fill as indicated on the blue print hereunto annexed which is the same map heretofore referred to and has constructed on said fill a surfaced highway satisfactory to this Board which road has been opened to the public for several months and which road gives the general public ample access to said "M" Street bridge;

IT IS RESOLVED AND ORDERED that the aforesaid action and performance of the Federal Government be, and it is hereby, acceptable as full performance on the part of the Federal Government of its promise and agreement to obtain from the respective owners and deliver to the County of Yolo, acceptable deeds to a right of way for road purposes extending from the Yolo County approach to the "M" Street bridge down and across the various river front properties to a connection with the present County Road as shown on the aforesaid map and as full performance by the Federal Government of all of its obligations in connection with said project.

Supervisor Merkley moved the adoption of the following resolution.

RESOLVED, that the Board of Supervisors of Yolo County believe that the present wage scale of the S.E.R.A. is in competition with the farming interests, and feel that a reduction in the scale of wages would help to overcome the situation, as it has been proven that the ordinary farm laborer prefers to work under the S.E.R.A.,under the present wage scale; and as Yolo County is strictly agricultural, and the harvest season is approaching, the present wage scale will be a detriment to the farm labor question.
